

NOS DA/NDS HEALTHCARE

I hope everyone had a fantastic Christmas period. We have now entered 2023 and another year to see Nos Da Healthcare and NDS Healthcare flourish as a business! We have lots of exciting things bubbling away in the pipeline and we are excited to take you along with us on this journey. We have some excellent staff up and down the country in Wales and more recently in the North West of England through NDS, we cannot thank you enough for flying the flag for our company and we hope that it shows within our positivity towards ensuring you are well looked after.

We are looking to expand rapidly into the nursing market within the NHS and private (nursing home) sector and we require nurses of all kinds; RGN, RMN, RNLD. If you know of any nurses that would be looking for a new agency, or maybe one that is looking to start with an agency then please get them to contact us and quote your name as where they have heard us from. In reward for this, after the nurse has completed 20 shifts, you will get £250 paid into your bank, then when the nurse completes another 20 shifts, you'll get another £250 paid into your bank... a total of £500 just for recommending us. Plus - you can do this as much as you want. Word of mouth is key so we want to give you something back in return for recommending us and improving our workforce.

As we enter April 2023, the national minimum wage increases to £10.42. As always, Nos Da and NDS will ensure to pay over NMW at a good rate ensuring that you are happy with your hourly rate whilst also remaining to receive holiday entitlement unlike a lot of other agencies. We will roll this out closer to April, but rest assured you will be having a pay increase within April 2023.

Finally, I'd like to welcome Emma Stocker into the business who joins us within our Wrexham branch as a recruitment consultant. Emma has been a breath of fresh air already within her first few weeks and we are excited to watch her flourish in her role. Emma has experience in many different sectors and has a brilliant personality, to which I am sure everyone reporting into that branch will understand.

Let's all have a fantastic year and I wish everyone the very best across 2023!!
